RE: Update on Federal Court Settlement

Date: March 24, 2020

On February 4, 2020, we sent you the following message.

*Outcome of Federal Court Mediation of PTI/UPSEU 2016 Wage Dispute  
February 4-5, 2020*

*Under the guidance of U.S. Court of Appeals Federal Mediator Jillisa Brittan, the company and union reached a positive tentative agreement regarding the resolution of certain issues surrounding the 2016 Wage Dispute. Once the mediation results are put in legal format and signed, we will be able to provide drivers with a detailed explanation. This shouldn't take more than 30 days. We understand that everyone would like to have the details now, however this is being done under a legal process which must be followed.*

**Update:**

Getting the 2016 Waged Dispute settlement into written form has taken longer than expected. However it is important to everyone that the settlement document clearly reflects the agreement in a legal format. Both parties are focused on completing the necessary documents and we hope this can occur in the next two to four weeks. We ask for your continued patience.

In solidarity,

Kevin E. Boyle, Jr – President, UPSEU

Ike Gittlen – Coordinator, USW
